Green castle - N.Y.  
August 25<sup>th</sup> 1883

Mr. Mankley

I am known at Smiths  
Meyers near Green castle  
The last letter I received  
from you & Mr Whitehouse  
was written April 10<sup>th</sup>  
I answered it and have written  
one since and have not  
heard from any of you since  
you say that you have in  
3 receipts the Threshing  
and Tax Receipt is all right  
but the other one I know  
nothing about don't pay<sup>at</sup>  
any thing else except  
my Tax for I do not  
want you say that you  
have 95 cts for me keep

that and collect the  
Money for my rent  
when it comes due if  
it is not too much  
trouble to you

I written to you in Aug  
after I resumed the Money  
and put Mr Whitehouse  
note in the letter and  
mailed it at Green <sup>is</sup>  
and have not heard from  
it since. Mr Whitehouse  
wants to know if whether  
there were any agreement  
between me and Webb  
there was not

Mr Crane put the fence  
there while he owned the  
place Mr Webb made  
the stone fence part  
across the Ocean. I written  
you a letter about 4 weeks

a go and written to  
Miss May. Put a card  
~~down~~ not to let any  
one have my letters  
except you. I would write  
more if I knew that  
you would get my letter.

Miss Harriet. Hankley  
I write you a few lines  
but nothing of interest  
~~me~~ to write there are a  
good deal of sickness  
down here at present  
crops are good and  
water melons are pleas-  
able. I will close this.  
Dear me well and  
hope it will find  
you all the same  
write soon yours as ever
