State of Kentucky, S. J. ch.
Henry County

Be it known that on this 16th day of March 1839 personally appeared before me Joseph Chilton a Justice of the Peace in and for said county and one of the members of the Henry County Court Isabel Gullion (widow of Joseph Gullion) deceased, a resident of the said county aged 77 years who being duly sworn according to law upon her oath made the following declaration in order to obtain the benefit of the act of Congress passed July 4th 1836.

She states and declares that she is a native of Ireland and that her father's name was Geo. Patton that he emigrated to the United States before the Revolutionary War - that she this declarant is now 77 years of age and upward and is a resident of Henry County Ky and has been for a number of years past - She states and declares that her father lived in Mistmordant County Pennsylvania during the Revolution and part of said period in Blannet's Cove the seat of Justice in said county - that in the year 1780 as well as she now remembers and month of January ~~18~~ of that year she was lawfully married at the house of her father to Joseph Gullion that the marriage was performed by a Mr. Lacey a Justice of the Peace authorized so to do - and she continued to live with

her said husband ~~until~~ ⁱⁿ the period of his death
which took place about 22 years ago as well
as she remembers in the month of April 1825
in Gallatin County Ky. And she states and declares
that she has not married since his death.

This declarant further states, that her said
husband the said Jeremiah Sullivan as well as she
remembers a little over two years before their mar-
riage entered the service of the United States as
a private soldier in the army of the revolution and
that he continued in the service for two years and
she is now of the opinion that he enlisted in the
service for one year - though of this she is not
certain and that he continued in the service
for two years instead of one - She knows that
he served the two years for she was well ac-
quainted with him and a few weeks after
his return from this service their marriage
was ~~took place~~ - This declarant further states
that during his said service he received two
wounds as he afterwards informed her one of
them in the right foot which was ~~for~~ ^{from} greatly shot
- through by a ball and the other wound in the
right leg also by a Ball - the scars of these
wounds this declarant states she has often seen
and they gave evidence of their having been
very severe and she is disposed to think that
they were a means of hastening his death -

This declarant states that it is her present belief that the said Jeremiah Sullivan her said husband entered the service as a private under Capt. Irvine and was attached to the Regiment of Col. Carnahan but of this she cannot say that she is positively certain for the lapse of time and her loss of memory will not suffer her to ~~recall~~ state these things positively.

This declarant further states that about 6 months after her said marriage her said husband again entered the service as a private soldier for the term of six months - but whether he volunteered or was drafted or enlisted she cannot now say - nor does she know under whom he served - but she knows that his services were directed and required against the Indians and that he served out his full term of service and returned home.

She further states that her said husband did not remain at home after the termination of his said last mentioned service more than three or four months until he was again called into the service of the United States ^{State} as a soldier upon a term of six months and that he served out the same fully - whether he went out on this occasion as a volunteer or militia man or whether he enlisted ^{she cannot state} but she knows that he served as above stated and that his services were against the

Indian - This declarant states that these services were performed before the expiration of the revolutionary war and that in addition thereto her said husband performed much service as an Indian spy and upon scouting parties during the same period how long however she cannot now pretend to say - She further states that her said husband was at the battle of Marmah's Tavern in the county of Westmoreland Pennsylvania and assisted in the defense of that place - She is satisfied that the services of her said husband did not amount to less than three & a half or four years during the revolution -

This declarant further states that she is laboring under an impression that her said husband was at one time immediately after the revolution placed on the invalid pension roll of the United States but she cannot now say whether such was certainly the fact - She does not believe that ^{he} ever received anything from the government by way of pension since he moved to the State of Kentucky which removal took place a few years after the revolution -

She states that she has no documentary evidence of his services and she does not know whether it will be in her power to prove them. She states also that she is so infirm in body

that she has not been able to walk for the
last six or seven years without assistance &
that she cannot attend court in consequence
thereof to make ~~the~~ her declaration.

Dear Sir:

Reference is made to your request by telephone for information relative to Jeremiah Gullion who served in the Revolutionary War.

The data which follow were obtained from papers on file in the pension claim, W.8879, based on the Revolutionary War service of Jeremiah Gullion.

He was born November 28, 1758. The place of his birth and the names of his parents were not given.

While living in Westmoreland County, Pennsylvania, he enlisted about 1776 and served at various times until the declaration of peace in 1783 as private with the Pennsylvania troops under Captains Joseph Ervin, Matthew Jack and Jeremiah Lockrey and Colonel Carnahan, and while at Lexington, Kentucky, in the spring of 1780 he was appointed by Colonel Todd as Indian spy and ranger and served under General Clark in his expedition against the Indians at Chillicothe and Pickaway. He received two wounds, one in the right foot and the other in the right leg. He was in the battles of Hannahstown and Blue Licks and his entire service amounted to at least three and one half or four years.

It was stated that he received a pension on account of his wounds while living in Pennsylvania.

He moved to Kentucky about 1786 and he died in April, 1815, or about 1817, or in June or July, 1819. His residence at time of his death was on the Kentucky River near the mouth of the Eagle Creek in what was later Carroll County, Kentucky.

Jeremiah Gullion married in 1779 or in January, 1780, at her father's house near Hannahstown, Isabella Pattie or Patty who was born March 3, 1760, and was the daughter of George Pattie or Patty. She was born in Ireland and came to America with her father before the Revolution and during the Revolution she lived in Westmoreland County, Pennsylvania.

She applied for pension March 16, 1837, while living in Henry County, Kentucky. The claim was allowed.

Isabella Gullion died August 1, 1843, in Carroll County, Kentucky, and was survived by the following children: Rachel Gullion, resident of Henry County, Kentucky; Jeremiah Gullion, resident of Indiana; William Gullion, resident of Kentucky; Ann Kelly who married Jack Kelly and was living in Kentucky; Jane Gabbin who married William Gabbin and was living in Indiana; and Polly McCreary who married --- McCreary and was living in Indiana.

The following were referred to as the children of Jeremiah and Isabella Gullion:

Rachel	" February	3, 1783
William	" July	20, 1787
Mary	" August	20, 1789
Jeremiah	" August	11, 1793

The following family data also appear: William Gullion was born June 7, 1802; Thomas Gullion's children: William Gullion was born May 28, 1801; Nelly Gullion was born April 18, 1803.

The soldier, Jeremiah Gullion, had brothers, Robert who was living in Switzerland County, Indiana, in March, 1829, and was "seventy-four years of age and upwards"; and John who was living in Decatur County, Indiana, in October, 1839, and stated that he would be seventy-seven years of age on April 28, 1840. The soldier's sister, Mary Raiborne, was living in Frankfort, Kentucky, in 1838.

In 1837 Mrs. Rachel Gullion made a deposition at the house of one Benjamin Gullion in Henry County, Kentucky, and stated that she was about seventy-four years of age and was a sister of the widow, Isabella Gullion.
